

Clean-Up Week Starts Here Monday

Albany's annual "clean-up spruce-up" week will get underway Monday when city trucks begin their rounds of the residential area to clean-up discarded rubbish free of charge in the interest of removing fire hazards.

Held this year during the annual observance of Fire Prevention Week, October 5 to 11, essay and talent contests will be sponsored at the schools, along with the showing of color movies dealing with common fire hazards.

In cooperation with the clean-up drive, the Cornell-Vista Dads Club will hold its fall paper drive on Monday, October 5. Residents who have papers to dispose of are requested to leave them on the curb. "This is one of the best examples of fire prevention by getting rid of things that have collected in yards, basements and attics over the past year," said Fire Chief Fred Pimental.

Philanthropic added that city trucks will not pick up any wet garbage or ice material.

City Engineer A. L. Brinkman announced that city trucks will use the following pickup schedule:

Monday, October 6—West of San Pablo Ave.

Tuesday—South of Solano Ave., east of San Pablo Ave. to Santa Fe tracks.

Wednesday—North of Solano, east of San Pablo to Santa Fe tracks.

Thursday—South of Solano, east of Santa Fe tracks.

Friday—North of Solano, east of Santa Fe tracks.

She is being accompanied by Miss Shirley Carter of San Diego, whom she met while employed with the Yosemite Park Curry Co. this summer. The two girls plan an extended stay in Hawaii.

Mrs. Zahn In Line of Verbal Fire

Albany today had returned to its role as "the mile-square city—the city of beautiful homes and schools" after an explosive City Council session Monday night during which Councilmen endorsed a "Youth in Government Day" and Councilwoman Mrs. Katie Zahn heard herself accused of "throwing a monkey wrench" into the grass planting project and causing adverse publicity for the city.

During the routine business session the Council took under serious consideration a plan proposed by Councilman Edward Combs providing for high school students to take over the local government one day each year.

The Council voiced its unanimous approval of the "Youth Day" and requested that the Board of Education be invited to participate in working out details of the program.

Mayor Jerome Blank today expressed his sincere thanks and appreciation on behalf of the city to all the civic minded citizens who turned out Sunday morning to assist in the grass planting on Key Route Blvd.

In addition, he extended his thanks to merchants and others who contributed to the fund to purchase grass seed and other materials needed to complete the project.

Under the "good of the city" period at the end of the meeting, however, the business-like session transformed into a verbal battle launched by N.P. Reckas, past president of the Solano Merchants Assn., who rose from the audience to thank the Council for its assistance on the Key Route Blvd. grass planting project, and at the same time charging Mrs. Zahn of "throwing a monkey wrench into the project without any apparent reason."

Reckas referred to an incident three weeks ago when Mrs. Zahn led a move to stop payment by the Council of a local nurseryman's bill for grass seed and materials purchased by the Park Department without calling for bids.

On recommendation of the City Attorney, the Council then called for bids on the project. Mrs. Zahn charged that bid specifications were changed 48 hours before opening time, that it was "irregular" and that she demanded an "investigation."

The Council said that a clerical error was made and that all bidders were notified when the mistake was discovered. The Council failed to take action on the issue so Mrs. Zahn carried the matter to the District Attorney's office with no results.

The grass planting project was (Continued on Page 2)

solved Sunday morning when local merchants and civic leaders met to plant the remaining portion of the strip at their own expense. The Council held a special session last Friday evening to approve the procedure.
Reckas, leader in the move to beautify the memorial strip, then cited Mrs. Zahn's previous insistence that city jobs be put out to bids, and, if possible, let to Albany businessmen.

"But look around you—look at the curtains in this room," he said, pointing to the draperies which were installed in the Council Chamber last spring at the request of Mrs. Zahn. He said that three bids—\$452.91 from an Albany merchant and \$478.30 and \$535.60 from two Oakland firms—had been received and that Mrs. Zahn took the highest.
Mrs. Zahn then declared that she had had nothing to do with the curtains, that former City Engineer Howard B. Carter had asked for the bids, that it was the Council which made the decision and that the Albany merchant had withdrawn his low bid when he found that the desired curtain material was too expensive.
"I have been trying to do something decent and fine because I saw something irregular," she said. "As long as I see something wrong I will do something about it—I can't be threatened or bribed."
Mrs. Zahn was also in the line of fire from another spectator, Ralph Buckwalter, 655 Spokane.

TV NEWS
By MILT BLANCHARD

Years ago we used to love to sit down to our radio set and see how many far-away stations we could hear. That hobby is what is known as "DX-ing." Well, now we have a champion television DX'er. He is Leslie Conley, a Pueblo, Colorado, dairyman, who reports receiving more than 20 distant TV stations, including some in Mexico and Cuba.
He tuned in the national political conventions over stations at Detroit and Atlanta, each approximately 1200 miles from Pueblo. He repeatedly gets stations in Florida, Louisiana, Tennessee, Alabama, Texas and a host of other states. He lives at an altitude of 4000 feet—perhaps one of the reasons for his successful DX-ing. But he can't get Denver—the closest station to him and only a few miles away. A nearby mountain peak is in the way!
From hither and yon: The British government is telecasting closed-circuit educational programs to 12 London schools in an experiment to determine the effectiveness of teaching by television... TV revenues of over \$235 million in 1951 more than doubled the 1950 billings... we note that many of our nation's colleges and universities are now giving various courses in television—both technical and sociological.
Our thought for the day: We have read so much about the bad effects of smoking that we have decided to give up reading!... Along the same line, we hope that you have read enough about the merits of owning a television set that you will stop reading about owning one and actually buy one. Now is really the time to get one... with all the big shows back again for another fine season of entertainment. Come in now why don't you and let us show you the new PHILCO TV at SKIP'S RADIO & TELEVISION SERVICE, 1553 Solano Ave. Phone: LAndscape 5-4313.

SPIRIT OF 76
In all the uproar about Senator Nixon—the uproar and the down-roar too—the main question seems to have been overlooked.
It is not—Why should he have a \$41,000.00 home in Washington and a \$15,000.00 one in Whittier? Not—Why did he need to send 25,000 Christmas cards? Not—Where did his children get their little dog? Not—Why couldn't a Senator struggle along on \$75,000.00 a year?
The real question is:

What kind of country Would this country be If every official Had such a Committee!
OK—hand the yardstick over and we'll try it out! What if every council member of Albany and Berkeley had a Committee of 76 millionaires who furnished him with Christmas cards, postage, secretaries, hotel rooms, trips hither and yon, without his having to be answerable to the taxpayers of Albany or Berkeley?
What if the Mayor of Albany and Berkeley had a Committee of 76 millionaires to whom they could turn for their every need entirely apart from the citizens of their own cities?
What if the District Attorney instead of depending entirely upon the voters, turned to a private committee of 76 millionaires? What if every legislator at Sacramento had a committee of 76 millionaires? What if—but we've got to stop somewhere for the Test of Universality is: What if everybody else in the world did the same thing? It seems to us, with apologies to the little rhyme again:
What a World! What a "Fix in" If every official Were another Nixon!
The original Spirit of 76 was government of the people, for the people, by the people. Senator Nixon's new "Spirit of 76" is government of the people, by Poole Richard, for his Committee of 76 Millionaires.

ALBANY HIGH SCHOOL NEWS

The trophy donated by the Albany Post of the American Legion will be given to St. Mary's for a year because its football team won traditional Big Game Friday on the Albany High Cougars to tune of 13 to 7. Scoring hon-

ors of the Cougars went to Joe Dorsey, and the extra point to right halfback Charlie MacDonald.

An overflow crowd watched the game on St. Mary's home field. A car caravan to the game from Albany High was formed and over 50 cars participated. There was a contest for the best decorated car and the three faculty judges, J. Gualtieri, R. Olinsky and C. Clarke, voted unanimously to give the season foot-

Today the Cougars play host to Mt. Diablo. This promises to be a good game, for the Albany team will be pitted against the new contender for the pennant honors of the league.

The game is at Cougar Field at 3:15 p.m. and admission is 25 cents with a student body card and 75 cents without. As always the public is invited. The next league game

is with Arcadians in Lafayette Octo-ber 10 at 8 p.m. The same prices will prevail. The next home game is with Pittsburg on October 31.

The Board of Control appointed six new members to the Student Court last Monday at its regular meeting. Those appointed were: Shirley Lenes, Sally MacDonald, Teresa Martina, Bill Bryant, Wayne Long and Ed Bertotti. The Student Court tries and punishes all minor cases of misconduct in the school.

Last week junior play practice was started for the comedy "John Loves Mary." The play was written by Norman Krassa and played on Broadway for 18 months. The lead parts, Mary and John, will be por-trayed by Jacque Saxton and Bob Rogers. Others in the cast are: Merle Bazzarani, Terry Hegzel, Dick Hein, Derrick Coffee, Ernie Schaefer, Diane Weronen, Charlotte Sanford and Cliff Oialla. The ban-comedy will be staged in the school hall of November.

That's all the news for this week. Look for the Albany High News in the next issue of the Albany Times.
